

Every Day

Bigger Bigger Bigger
You are bigger bigger bigger
Look at you go figure
That you are getting bigger
Your clothes don't fit you anymore
You gotta get some new ones at the store
Cause you are getting bigger every day

Taller taller taller
You are taller taller taller
No longer are you smaller
Cause you are getting taller
You can reach that cookie jar up high
and touch those clouds in the sky
Cause you are getting taller every day

When you wake up you're a little different
than you were yesterday
When the morning sun peeks through your window
just jump out of bed and get ready to say

Older older older
You are older older older
You're braver and your bolder
cause you are getting older
Bugs and monsters don't scare you
like they did when you were two
Cause you are getting older every day

You're growing up
Day by day
Week by week
year by year
Preschool, Pre-K, now Kindergarten
You're a big kid now so just stand up and cheer

Stronger Stronger Stronger
You are stronger stronger stronger
A little one no longer
Cause you are getting stronger
You help your daddy rake the leaves
and carry mommy's groceries

cause you are getting stronger every day
and you are getting bigger every day
and you are getting older every day
and you are getting taller every day

Dance Party

Come on everybody we've got dancing to do
they'll be no sitting down we got to get up and move
listen to the instruments play their tune
they can play, they can play all day

Your imagination is all you will need
Grab a microphone and you can take the lead
go ask your mom and dad and you'll know they'll be glad
to spend the day with you, put on your dancing shoes

and have a dance party
underneath the spotlight
a dance party
in the morning and the night
a dance party
be a star up on the stage
a dance party, young and old, any age

Do you play maracas or the tambourine?
no matter what you do you're gonna cause a scene
we're gonna jump around like jumping beans
we can play, we can play all day

Don't need an invitation to come along
All you need are lyrics to your favorite song
go ask your mom and dad and you'll know they'll be glad
to spend the day with you put on your dancing shoes

chorus

Lazy Day

Pjs, messy hair
Don't have to brush it we're not going anywhere
no work, no school
today's the day we get to break some rules

Rush Rush Rush mornings here can get a little bit crazy
sometimes it's fun to take a break and get a little bit lazy

It's a Lazy Day
We've got nowhere to go and I like it that way
It's a Lazy Day
It's my favorite day of the week

Pancakes, syrup
fruit and yogurt, a little nutrition
we eat and watch TV
but mom says don't tell the pediatrician

Nowhere to go, nowhere to be let's see what the day brings
There's no alarm clock waking us up, we can do just about anything

Chorus

Snugglin, Cuddlin
Spending precious moments together
Kissing, Hugging
When you're with family there's nothing better

Pretty soon we'll be back to our busy days
but I can't wait till we can have another one of our lazy days

Chorus

Fun, Fun, Fun

When my friends and I get together
we always have a really good time
we laugh and play and spend the day
with one thing on our mind

Chorus

We have fun, fun, fun
as long as we can
when we get together the day never ends
fun, fun, fun
until the sun sets
you're my best friend I'm so glad we met

Sometimes we go to the playground
sometimes we go to the park
we go for a ride, down the slide and stay till it gets dark

repeat chorus

We like to go to museums
we like to go to the zoo
we like hearing rhymes at story time
there's so much we can do

chorus
